Phytece

Péče při čištění a zánětách ucha

Cleansing and care for ear inflammations
Pflege beim Reinigen und bei Entzündungen des Ohres

Intended Purpose of Use:

The medical device Ottosolution is intended for the human ear for sale by retailers after purchase from the manufacturer. It is intended for the local treatment of inflammation and irritation of the ear canal and for the treatment of the hardened wax plug (cerumen), medically fixing the ear canal or for the treatment of ear canal stenosis, hardening and remodelling and IMPORTS FROM THE USA. The product is NOTA MEDICAL DEVICE. Ottosolution has a positive impact on the prevention of external ear canal. Inflammation and irritation.

Importance of Correct Use:

Correct use ensures that the ear canal is not damaged. This could lead to worsening the ear canal's passageway and to the creation of conditions for the multiplication of growth or maturation of the wax accumulates. It is also possible that the ear canal is blocked.

Herbal extract: Cannabidiol 15% (CBD) and Hypericum 10% (Hypericum). Cannabidiol is a natural extract of the cannabis plant, which is used for its anti-inflammatory properties. Hypericum is a natural extract of Hypericum, which is used for its anti-inflammatory properties.

Phytoce is a device for the internal use of the ear canal. It is not a drug for the internal use of the ear canal.

Indication: The device is used only for the internal use of the ear canal as a potential safety risk. The device is not intended for the treatment of otitis media, which is a common ear infection. The device is not intended for the treatment of ear infections caused by other conditions.

Contraindications: Hypersensitivity to any of the products' ingredients. Disease in the ear canal is rare cases.

Dosage and Application: The device is designed for the internal use of the ear canal. It is applied to the ear canal for a period of time specified on the label. The period of time specified should be followed.

Precautions: The device should not be used by children under the age of 12 years.

Storage:

Keep out of the reach of children. Keep in airtight packaging. Use in dry, dust-free areas.

User Instructions:

Read the instructions for use carefully before use. Keep the instructions for use in case you need it later.
